WANTED (CONT.): #2 M/WH/18-22 (Front passenger-shooter)
Lighter Complexion
Black hair pushed back
Wearing a white hoodie

#3 M/B/23-27 (Rear passenger)
Dark Complexion

INJURIES: Victim suffered a single gunshot wound to the right rear of the head above the ear, lodged. Victim listed as very critical.

TAKEN TO: Victim transported to Illinois Masonic Hospital by Fire Ambulance #52

TREATED BY: Dr Nikolich

WEAPON: Handgun, possibly 9mm and/or .22 cal

WEATHER AND LIGHTING: Occasional showers / good artificial lighting

MANNER/MOTIVE: Shot from one car to the other / Gang related

VEHICLE USED (VICTIM'S CAR): 1979 Oldsmobile Cutlass Supreme
Illinois Plates JWZ 112
VIN 3M4748M563678
Victim's vehicle stopped at approx. 2358 N. Kedzie in the southbound lanes. This is where the victim was driven to after being shot at 2600 N. Kedzie. Victim removed by Amb #52 from this location.

OFFENDER'S VEHICLE: 1980's dark colored Buick Park Ave short body w/ 4 doors, lightly tinted windows, and spoke wheels.

EVIDENCE: Inv# 1503751 (Unit 177) Four WIN 9mm cartridge cases
One R-P 9mm cartridge case
Two Super X .22 cal cartridge cases
These were recovered by Sgt Maloney #1125 and Sgt Kuyken #2121 on the scene at 2600 N. Kedzie in the street. They were turned over to Det Wojcik, and in turn turned over to Crime Lab Personnel.

INTERVIEWED (CONT.):

SALAMEH stated that she was in her apartment when she heard 6 or 7 shots from in front of the building. She heard tires squeal, and she hid until it was quiet again.

INVESTIGATION:

R/D's were assigned to the man shot at Kedzie and Fullerton by Sgt Mingey of this command. R/D's responded to the scene and learned that the victim had been transported to Illinois Masonic Hospital by Fire Ambulance #52.

R/D's learned from officers on the scene that the victim had actually been shot in the area of 2600 N. Kedzie and the driver of the vehicle that the victim was shot in drove the car south down Kedzie until he spotted a marked Chicago Police vehicle. This subject stopped his vehicle at Fullerton and Kedzie told the Police what had happened. The officers called for an Ambulance, which came to the scene, transported the victim, and the vehicle was left at 2358 N. Kedzie.

The vehicle the victim was shot in is observed on the street at 2358 N. Kedzie. The vehicle is in the southbound lanes facing south, against the curb. An examination of the vehicle reveals that the rear window has been shot out, and there is remnants of glass around the frame. The front driver's window, as well as the front passenger window are also shot out with remnants of glass around the frame. The right rear opera window had two large bullet holes in it, but most of the glass remains in the frame. The outside of the vehicle reveals numerous bullet holes. On the left side of the vehicle there is a hole in the drivers door by the door handle, and another on the left rear roof column. There is another bullet hole in the left rear wheel well. There are two additional holes in the rear of the vehicle, one in the left rear turn signal and one in the trunk by the license plate bracket. Many of the holes pass through the vehicle and into the passenger compartment.

Inside the vehicle there is a hole in the rear seat on the right side, and also a hole inside of the left rear column corresponding to the hole on the outside left rear roof column. There is a hole in the right front window frame, and holes in the inside roof lining. A quantity of blood is noted in the left rear seat, and a small quantity of blood is noted by the hole in the rear seat on the right side of the seat. A large quantity of window glass throughout the vehicle is observed, as well as additional glass outside the vehicle where it came to rest. R/D's learned that the victim had been seated in the rear seat on the left hand side. On the floor behind the drivers seat there a small plastic bag containing a crushed green plant. This is recovered by R/D's and inventoried at A5/VC.

Officers from the Crime Lab Unit arrived on the scene and processed the scene at 2358 N. Kedzie, taking photos of the outside as well as inside the vehicle. Bullet fragments are recovered from the trunk as well as from the interior of the vehicle.

DETECTIVE DIVISION
SUPPLEMENTARY REPORT**

**R.D. Z 226 760
24 May 95
PAGE # 6**

All descriptions and statements in this entire report are approximations or summarizations unless indicated otherwise.

INVESTIGATION (CONT.):

R/D's and the Crime Lab Unit then proceeded to the scene at 2600 N. Kedzie. This is the intersection of Logan Blvd, Kedzie Ave, and Milwaukee Ave. R/D's observed this intersection to be a circular drive around a monument, with adjoining and intersecting streets feeding into this circular drive. Traffic is stopped at various points by traffic lights and stop signs. On the street in front of 2600 N. Kedzie, R/D's observe a quantity of glass which trails around the corner westbound on Wrightwood. Supervisors from the 014th Dist had picked up five 9mm and two .22 cal shell casings that were in the street as there was no way to prevent traffic from running over these items. These casings were turned over to Det Wojcik. R/D's note that there is a hole in the southern most window on the first floor lobby of the building at 2600 N. Kedzie which appears to be a bullet hole. Further investigation revealed a spent slug inside the lobby at this location. Photos are again taken and the bullet is recovered. After the Crime Lab Personnel left the scene, R/D's discovered and recovered two 9mm casings and one .22 cal casing. These items were photographed, recovered, and transported to A5/VC and inventoried.

R/D's then went to Illinois Masonic Hospital, and spoke to the attending Dr Nikolich, and learned that the victim had sustained a single gunshot wound to the right side of the head above the right ear, and the bullet was lodged. The victim was listed in very critical condition.

R/D's then proceeded to A5/VC and interviewed the two subjects, Jose MELENDEZ and Alberto RODRIGUEZ, who were in the vehicle at the time the victim was shot. The R/D's note that both witnesses had been separated from one another from the time of having flagged down the preliminary investigating officers. These witnesses were interviewed separately and independently. Their statements are in summary, and not verbatim.

Jose MELENDEZ

stated that he, "Nuni" (Noel ANDUJAR), and "Titi" (Alberto RODRIGUEZ), left the Lathrop Homes development on their way to the area of North Avenue and Spaulding. The three left the Lathrop Homes in MELENDEZ's above described vehicle and headed westbound on Logan Boulevard. MELENDEZ was driving the auto with RODRIGUEZ in the passenger front seat, and the victim in the drivers side rear seat.

MELENDEZ stated that as he approached the Logan Square Monument he observed the above detailed offender's vehicle, a Park Avenue with the described occupants, which was also headed westbound, stop in front of him at the stop sign just east of the monument's circle drive. After the Park Avenue proceeded from the stop sign it slowed down in the lane to the left of MELENDEZ and waited until MELENDEZ caught up. As the vehicles continued west towards the stop light at Logan and Milwaukee, MELENDEZ observed the occupants to be "throwing down the crown" (representing opposition to the Latin King street gang) with their hands. MELENDEZ stated that he and the others in his vehicle did not represent their gang affiliation but continued on.

**CHICAGO POLICE DEPARTMENT
DETECTIVE DIVISION
SUPPLEMENTARY REPORT**

**R.D. Z 226 760
24 May 95
PAGE # 7**

All descriptions and statements in this entire report are approximations or summarizations unless indicated otherwise.

INVESTIGATION (CONT.):

While stopped at the light at Logan and Milwaukee, MELENDEZ stated that the occupants of the Park Avenue, who were now stopped directly to his left and even with his vehicle, continue throwing down the crown and now began representing "Cobra" (representing affiliation with the Spanish Cobra or YLO Cobra street gang). During this time MELENDEZ observed the driver reach to the drivers side door panel, remove an object, and hand it to the passenger. When the passenger flung his hood up, MELENDEZ stated he knew "something was up" and he pulled away from the light onto the circle drive towards southbound Kedzie Avenue. MELENDEZ stated that the Park Avenue, which remained in the lane to his left, followed.

While proceeding around the circle drive just west of the monument and north of Wrightwood, MELENDEZ stated that he observed the described front passenger in the Park Avenue open the door, reach around the door with a handgun in his right hand, and began firing in MELENDEZ's direction. MELENDEZ stated that he accelerated his vehicle and turned west on Wrightwood from the circle, with the Park Avenue in pursuit. As MELENDEZ fled westbound he heard additional shots being fired. MELENDEZ recalled driving through the stop signs on Wrightwood and heading to Kimball Avenue where he turned north. MELENDEZ said that the offenders vehicle continued westbound on Wrightwood, at which time RODRIGUEZ informed him that the victim had been hit.

MELENDEZ went on to say that at that time he made a U-turn and headed back to Wrightwood, then east towards Kedzie in an effort to get the victim to the hospital. MELENDEZ said that he went back to Kedzie and turned south towards Fullerton where they observed a marked squad car. MELENDEZ informed the R/D's that he flagged down the officers and informed them of what had transpired.

Alberto RODRIGUEZ

recalled this incident and described the offenders and their vehicle to the R/Ds essentially the same as did MELENDEZ. RODRIGUEZ recalled that just before MELENDEZ pulled from the stop light at Logan and Milwaukee he heard MELENDEZ state, "Watch these guys, something is wrong."

At this point the R/Ds had the witnesses view available photobooks containing members of Cobra affiliated gangs. Several hundred photographs were viewed with no identification made.

This investigation continues.....

Report of Det John McMurray #20366
Det Anthony Wojcik #20834
